

is the easiest way to win \$1,000 at this hackathon

is logging and debugging for AI apps

How to win:

- **Turn on Arize tracing**
 - Works with every AI model provider, every AI framework
- **Look at your traces (logs)**
- **Create an evaluator (an LLM prompt)**
 - Use it to judge if your app is doing a good job
- **Use the feedback to make your app better**
 - Any kind of feedback, any definition of “better”
- **Tell us about what you did**
 - We'll be at our booth for the entire hackathon!
- **Profit!**
 - \$1,000 in cash to spend anywhere
 - Not a gift card, not app credits. Cash.
